 Satisfaction_coffee 

A woman with blonde hair, wearing a light green sleeveless top, a matching skirt, and a black pillbox hat, is holding a silver Vespa scooter. She is smiling and looking towards the camera. The background is a soft, out-of-focus outdoor setting with greenery and a building.

“More and more people get to know Satisfaction. The lunchroom on the corner, with yellow awnings and the scooter on the window. The Vespa in our logo refers to the 1950s style of the shop and the relaxed Italian mentality we try to create. Just like the name suggest, we aim for super satisfied customers. The name Satisfaction is also a nod to the music in the store. As a true music lover, you can ask Bram everything about the records which play in the store all day long. For all the other questions, go to his sister Beau.

Nowadays Satisfaction is open seven days a week. We ‘re able to do this thanks to our amazing staff. One by one exceptional people who make our days (and hopefully yours) much better.”

Tea

We're proud to offer you Rasabox. Real quality tea from India. You can truly distinguish the tea leaves, fruit and herbs in the melanges. It's a solid incentive to lower your coffee intake! The tea is 100% biologic, so the flavour can maybe be less strong as you are used to. Let it steep for an extra long time.
